

Mark has been involved with Kanata community organizations for many years, he has also been a volunteer with KMHA since 2012. He has had the opportunity to serve in many different roles throughout the years which has given him the privilege of interacting with many of KMHA hockey parents. Mark started as trainer for his sons Novice hockey team. Through the years Mark has had the opportunity to serve in the roles of trainer, assistant coach, head coach, and the last 2 years Mark been the Risk and Safety Coordinator.

People that know Mark, understand he takes these positions for the kids and the hockey community. Hockey is such a huge part of our lives, both for players and parents. He would like to help make all our experiences positive and memorable while ensuring safety and respect for all.

As Director of Large, Mark would be dedicated to minimizing risk and ensuring the safety for all members. Mark believes in an open-door policy and values everyone's feedback. He believes the players, parents, volunteers, and officials are the heart of KMHA.

Mark would love the opportunity to continue serving the people of KMHA as a board of director and working with the board of director team in keeping KMHA a safe, fun, place to play hockey.

Thank you for giving me the opportunity to put my name forward for in the role of Director at Large, Risk and Safety portfolio.

See you at the AGM

Mark
