

Jennifer is currently the Event Director and co-founder of Mastermind Event Rentals and has been recognized by the Ottawa Chamber of Commerce and Ottawa Business Journal as one of Ottawa's 40 Under 40 (2015) as well as receiving the Tsimpa Award presented by the Ottawa Wedding and Event industry recognizing her volunteer contributions to the community. Prior to founding Mastermind Events in 2007 she was an event coordinator specializing in large scale non-profit events from student conferences to large outdoor productions. She is the immediate past president of the Ottawa Chapter of Meeting Professionals International. Jen has been a volunteer with KMHA for the past 3 years in various capacities, from team manager/treasurer to a member of the special events/fundraising committee raising funds for graduating scholarships, the player assistance fund and the Capital City Condors.

Jen is excited to put her name forward as the VP Operations. She strongly believes in the goals and mission of KMHA and would love to be part of the strategic team that helps support the operations and the volunteers to help make these goals reality. Hockey has such a huge impact on the lives of so many, and since she has no hockey skill on the ice volunteering for the board is the best way she can contribute to the association in a meaningful way.
