President's Message

The 2017 registration is about to open and the wheels of a new hockey season will start rolling. As everyone knows, it takes countless volunteer hours to make this local association work. Since the (very well attended!) AGM we have added an impressive team of volunteers to committee positions. We are all KMHA members just as you are and we want to create the programs and environment that will be best for all of our children and the game they love to play. It's about fun. It's about becoming a better hockey player. It's about learning life lessons with friends and opposing teams and officials and parents in the stands. We hope to build a stronger hockey community and give everyone a season they will enjoy and remember. If you have questions about registration (or any aspect of KMHA) please let us know.
